## FUNDRAISING:

### **BINGO's (all year on various dates)**

Linda and Ruby have a list of people who wish to work Bingos (from information sheet distributed in Fall, 2006). They are going through the list and trying to make sure everyone gets a chance to work at least one Bingo. Should you wish to be added to the list, please send Ruby an email.

**IMPORTANT** – Should you be unable to work a Bingo that either Linda or Ruby have scheduled you for, please contact them AS SOON AS POSSIBLE (when they contact you, they will provide you with a phone number). We are required to have ALL positions filled or we are in default and that will impact the number of Bingo we will receive in the future.

### **CHOCOLATE BAR SALES – Feb, 2007**

Botticelli "Premium European Chocolate Bars" are available for all students to sell as a fundraiser for points.

### **COOKIE DOUGH SALES – March 1 – 19, 2007**

Pre-selling of 'tubs of cookie dough' in dry mix form. Many delicious flavors – Jezebels, Cranberry Chippers, Snickerdoodles, S'Mores, Peanut Butter Brickle, Oatmeal Cinnamon Raisin....

### **PYRAMID BOTTLE DRIVE – March 31, 2007**

This is not a door to door campaign – Students save their bottles and ask their neighbors and relatives to save their bottles and arrange to pick up all bottles committed on or before the date. Points are based upon the number of bottles you drop off – NOTE: For pre-sorted bottles you will be assigned points directly based upon the amount you bring in. For un-sorted bottles, you will be assigned points based upon an estimate by the coordinator.

On March 31 – bring your bottles to the Composite High Bus Barn from 10:00 AM to 1:00 PM

### **BON VOYAGE CONCERTS – May, 2007**

The Bon Voyage Concerts are planned to kick off any Provincial or National Festive Tours. These concerts are scheduled as a chance for the students to 'strut their stuff' and as a fundraiser. Tickets will be pres-old for these concerts.

**BEDDING PLANT SALE – May 1- 12, 2007**

This involves pre-selling bedding plants. The plants are obtained locally and this has gone over very well in previous years.
