

# Health and Safety Commitment

## Commitment

The Grande Prairie Public School Division is committed to the physical, psychological, and social well-being of its students, staff, volunteers, visitors, contractors, and the public by providing safe, healthy, and injury-free learning and working environments.

## Continuous Improvement

Our commitment is based on the philosophy that Health and Safety Excellence is a value expected of everyone. The Division's commitment includes:

- promoting a strong health and safety culture.
- providing necessary resources to meet all applicable legislation.
- striving for continuous improvement by developing, maintaining, and enhancing our safety program through assessing and managing safety hazards to ensure they are minimized.
- regularly reviewing and updating the health and safety program to improve its effectiveness and compliance with legislation.

## Shared Responsibility

Health and safety is a shared responsibility between the Board of Trustees, Superintendent, leadership staff, supervisors, employees, students, volunteers, contractors and visitors. All stakeholders are expected to take reasonable care to protect themselves and others, conduct activities in a safe manner, observe safety rules, lead by example, and support a positive health and safety culture.

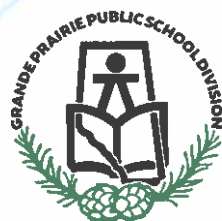

Thank you for your continued commitment and support!
