CPF Magazine inquiry, CSHS can not provide a link for the CPF Magazine on their sites or publications as you need a paid membership to attain access it would violate copyright laws.

## Questions/Concerns

Shae recommends CSHS starts a student council for the up coming school year. He feels a student council could look for ways to improve school, boost student school awareness, organize school activities like dances. Captains council ran by Mrs. Froy where a rep from each advisory class selected by peers attended and discussed various topics. There was also a Maverick Action committee that's no longer active.

Head Chef Gavin's job will be posted.

Maverick Movement is still working on getting the breakfast club up and running.
